For: *Drilling Bit Assembly
and Apparatus*

Assistant Commissioner for Patents
Washington, DC 20231

Responsive to the Office Action mailed September 2, 1998, Applicants desire to amend

Please amend Claims 1-16 as follows:

a first member for attachment to the drill string;
a second member [including] for attachment to at least one drilling member; and
a resiliently deformable connecting member between the first member and the second member for tilting the first member with respect to the second member while transmitting torque and weight from the first member to the second member, the second member being connected
